THE BUDGET HIGHLIGHTS: The budget of 2021 was christened 'Imo State Share Prosperity Budget' which was aimed at providing wide spread downstream economic prosperity that is sustainable to all sectors of the economy of Imo state in tandem with the 3R-development blue print of this administration. The 2021 budget of share prosperity will promote sustainable economic development.

The 2021 budget therefore is a symbolic bridge between past achievements, and future aspirations achieved for the people of Imo State. It also underscores resolve to birth new programs and projects in order to expand opportunities for the collective prosperity and economic empowerment for all, especially job creation for our youth. While the financial crisis facing our country due to covid-19 pandemic is serious, the Imo State Shared Prosperity Budget focuses on opportunities for growth and new investment for strong entrepreneurship and for direct & indirect jobs.

Therefore, the main objectives of the budget are:

- i . To expand and improve the Internally Generated Revenue base and reduce dependence on the Federal Allocation.
- ii . To block leakages through sustenance of the Treasury Single Account (TSA) system and moderation of recurrent expenditure that will result in significant savings for Infrastructure development.

Inorder to facilitate the attainment of these objectives, the following policies will be strictly pursued:

1. The diversification of production and revenue base of the State economy.
2. Reduction in the cost of governance and prudent utilization of available resources in critical areas.
